Welcome Guide

Badge and Travel

Badge and Pass

Upon arrival at NASA LaRC you must stop at the Badge and Pass Office located at the main entrance to obtain a visitor badge. Please have your photo identification card on hand. Once you receive your badge, you must have it displayed above the waist at all times while on Center. The Badge and Pass Office (BPO) will no longer accept state-issued driver's licenses or identity cards that fail to meet Department of Homeland Security (DHS) standards. **Currently, those states/territories include Alaska, American Samoa, Arizona, Kentucky, Louisiana, Maine, Massachusetts, Minnesota, Montana, New York, Oklahoma, and Washington.** Three of the above states (Minnesota, New York, and Washington) offer an Enhanced Driver's License (EDL), which will be acceptable. EDLs are identifiable by the American Flag on the face of the card. If you possess a license from one of the above listed states, please ensure you have an alternate form of identification with a photograph such as a passport, military ID, or federal employee badge.
